## REFRIGERATED DISPLAY

MODELS | XENIA 15, XENIA 20, XENIA 25

### XENIA SERIES – REFRIGERATED DISPLAY

Freezing open island XENIA is designed for sale of ice creams, frozen semi-finished products and other frozen products. It is suitable especially for impulse sale of selected kinds of foodstuffs with possibility of personalization according to request of the customer on all four sides of the island. Upper panoramic part made of insulated heated double glass makes excellent visibility of displayed products and solid plastic profile protects the cabinet against damages caused by shopping trolleys. It is plug-in island, fan assisted cooling and automatic electric defrosting are electronically controlled. Xenia is produced in switchable version to be used as freezing or as cooling island.

### FEATURES

- Dual temperature
- Around corner at bottom for easy cleaning
- Ventilated cooling system
- Electronic control system with temperature display
- Temperature sensor
- Automatic defrost
- Large display area
- Massive bumper
- Side insulating glazing
- Deep tub
