ZITA MINI SERIES – REFRIGERATED DISPLAY

The ZITA mini serve over counter is suitable for smaller shops with limited space options. With its square all-glass extension it enables an optimal view of all products in the case without any reflection. Dumper front glass is placed in the aluminium profile. Refrigerated understorage provides additional space for short-term storage or the products during the day. The high front panel might be equipped with a stainless steel bumper, the bottom plinth might be illuminated for a preferable effect. In case of interest, external covering could be adapted to the special customer requirements. Alongside there is still a possibility to assemble lines from different types of counters – ventilated, pastry, heated.

SPECIAL FEATURES

- Vertical glasses
- Opened down
- Around corner at bottom for easy cleaning
- Ventilated cooling system
- Electronic control system with temperature display
- Temperature sensor
- Automatic defrost
- Refrigerated storage
- T5 lighting
- Build-up in lines
